Under Section 70 (2) of the M.D.M. Act the Govt. have power to fix the strength of the staff in Municipal institutions and also their pay and allowances. In exercise of this power the Govt have already fixed the strength of the staff and their pay and allowances in all municipalities. If any municipal Cl. proposes to alter them now, it must obtain the previous sanction of Govt. under the above Section.

2/ Under the rules in G.O. No. 3031 PH. dated 9.7.40, Municipal Cls. may employ at their discretion honorary medical officers in institutions of Indian Medicine on an honorarium not exceeding Rs 20/- per mensem. These rules do not provide for obtaining such employment the specific sanction of Govt.

dispensary and employ it as honorary

C+ been raised by the P.S.G.M. whether the
sanction of Govt. is necessary for
the employment of honorary medical

"honorary medical officers" will
within the meaning of the 'officers and
Servants' used in Section 70(3) of the
St. Municipalities Act, 1920. Moreover the
rules regarding the employment of
honorary medical officers do not
provide for the sanction of Govt. in this
No sanction of Govt. would therefore
be necessary in this case.

Is there no rule that before a person
is newly appointed or an existing one
promoted into one of different kind, the DMO's,
CMO's a PSGM's a SG's approval is necessary?
I seem to remember some such order.

Opinion of Dispensaries is to be considered as
obligatory medical expenditure for which no outside
sanction is already necessary unless there are
Govt. rules about it. Are there?

From Rule 8 (VII)(VIII) of the rules appended to G.O. at (2), it appears that what the P.S.I.M. states at A and cf is correct.

The proposal here is to open (a) a new dispensary & (b) to appoint an Hon: M.O. to be in charge of it as stated in the P.S.I.M's letter at 7 cf ff (A).

(A) p. 7 cf

Of the finances of the Mpltz can afford this — the cost is budgeted at Rs 700/- a year (vide 13 ff (A)) the Govt need have no objn to the proposal.

L.A. may examine the financial aspect, so that the Comm may be addressed in modification of the orders passed in (A). The proposal will be treated only as an experimental measure.
